

## **Will Month Frequently Asked Questions**

### **1. What is Will Month?**

Will Month is an annual event in October where local solicitors donate their time and expertise to write or update Wills in exchange for a donation to East Cheshire Hospice, instead of their usual fees.

### **2. Where can I find the list of participating solicitors?**

You can find a full list of participating solicitors on our website at [eastcheshirehospice.org.uk/will-month](http://eastcheshirehospice.org.uk/will-month) or by calling 01625 433477.

### **3. How do I book an appointment?**

To book an appointment, contact your chosen solicitor directly. They will schedule a date and time for you in October.

### **4. Where will the appointment take place?**

Appointments will be held at the solicitors' offices listed on our website. Some solicitors may also offer online video or phone appointments.

### **5. What services will the solicitor provide?**

Participating solicitors will write a single or mirror Will, or update your current Will, in exchange for a donation to the Hospice. Additional services will incur the solicitors' standard fees.

### **6. How much should I donate?**

During your appointment booking, your solicitor will suggest a donation amount equivalent to their usual fees. Remember, the solicitors are donating their time to support the Hospice.

### **7. How do I make my donation?**

Your solicitor will provide you with an East Cheshire Hospice donation envelope at your appointment. Donations can also be made via card or Apple/Google Pay using a QR code. Please bring your cash or cheque to your initial appointment if you wish to donate in this way.

### **8. What if the solicitor I want is fully booked?**

Contact our Individual Giving Fundraising Manager, Beth, at 01625 708934 and she will help you find an alternative solicitor. Early booking is recommended.

### **9. Where does my donation go?**

All donations made during Will Month go directly to East Cheshire Hospice. The Hospice relies on community support to fundraise £9,362 every single day in order to provide vital care to those in need, free of charge. Rest assured that your donation makes a significant impact on our patients and their families.
